An exciting and ambitious science fiction thriller, which fondly harks back to films and television of the 70's and 80's. The film was written & directed by Simon and funded with the help of over 500 people. It stars Simon Haycock, Roxi Drive and Toyah Willcox.

The screening will be introduced by Simon and will include a Q&A.

When humanity is plagued by haunting visions about the end of the world and an alien mother-ship launches a massive attack on the cities of Earth, is there anyone out there to save us?
